4. EDIC Working Group on Radio and Television Transmitters
(EDIC Case 22)

Discussion:

25X1A9a

[REDACTED] CIA, reported that at its first meeting, held on 25 October, this Working Group had explored the problem and requested its members to look for pertinent information. Another meeting is scheduled for early December.

5. Review of Sino-Soviet Bloc Supply, Technology and Possible Military Applications of Polyethylene (EDIC Case 23)

Discussion:

In response to a question from the MDAC member, the Chairman explained that the proposed technical review would not exceed the scope of the technical study being made by EDAC Working Group I, except so far as necessary to provide additional information required for the EDIC intelligence study.

6. Czech Inability to Provide Catalytic Cracking Equipment for Syrian Refinery (EDIC/IR-26)

Discussion:

The Chairman remarked that this document was distributed as an item of general interest, without full intelligence analysis or evaluation.
